Leadership Vision

“What I hope and pray for the Lutheran Church-Missouri Synod is that the congregations of the Synod might be renewed in the freedom of the Gospel to both discern and carry out their ministry in their communities - that many more people might come to know the love of God in Jesus Christ. I pray for a rediscovery of the outward focused identity Jesus gave to His followers when He entrusted the mission to them and that served as the focus of our Synod in the early days of its history.”
